

Puppy Questionnaire

Please fill out this questionnaire, if you are interested in a puppy. We screen all applicants before placing them on our waiting list. When a litter is born, we take a deposit to hold your puppy until 8 weeks of age. *You may visit the kennel before the puppies are born; visits are not allowed again until the pups are 6 weeks and have had their first set of shots.* All puppies are temperament tested to better match you with the right puppy. You may copy and paste this questionnaire as an EMAIL to soundviewlabradors@comcast.net or FAX to: **610.933.1957**

Name:
Address:
City, State, Zip code:

Number of Family members:
Ages of Children:

Which choice of sex – Male or Female puppy?
Please explain why you want a Labrador (pet, companion, breeding, show, obedience, protection):
What kind of house do you live in?
Do you own or rent?
....If you rent does your lease include pets?
....Or will your landlord give you a letter of permission?
Do you have a fenced yard?
What kind of fence do you have?
If no fence, how will you plan to properly exercise the dog?

Have you had a dog before?
Where will the dog live? (Inside, outside, both?)
Who will train the dog?
Have you taken your previous dogs to obedience classes?
Who will care for the puppy?
What happened to your last dog?

List all pets in your household:

List all previous pets in the last 5 years, and what happened to them:

Does everyone work (or attend school) all day?

How many hours in an average day are you away from the house?

If everyone works or goes to school all day, have you thought who will come in during the day to "potty" the puppy?

Are you an active military family?

....IF yes, have you been overseas?

Are you prepared to care for a dog for 10+ years?

Are you planning on moving? If yes, have you planned on what you will do if problems arise with housing the dog?

Are you aware of the health benefits of spaying and neutering your pets?

Have you used a crate to housebreak a dog before?

Do you have a crate?

How much do you think it will cost to care for a dog each year?

(Veterinary care, food, and grooming):

Please add what you are looking for in a Labrador; what you expect from your new Labrador Puppy as far as companionship and temperament:

If you are chosen to receive a puppy after the litter is born you will be asked to send a non-refundable deposit of \$500 that will hold your puppy until they are ready to go to their new homes at 8 weeks of age.

Please add reference's addresses and phone numbers:

Your current or former Veterinarian:

The breeder from whom you bought your last dog from:

A person who has known you and your previous pets:

I do check references; any misrepresentation of the fact will result in removal from the waiting list.

My puppies are very important to me; good homes are my first concern.
